PROJECTS

Media Management Server | *Cloundinary, VS Code* | <u>Visit Code</u>
- Created a media management server to manage media and control memory storage using Node.js and Express.js
- Allows users to upload media file to server. Uploaded files are then stored on Cloudinary, a cloud-based management service.
- The application also sends and email to the user with uploaded file link.

Swarnkar | *Git/GitHub, Database Management, Data Validation* | <u>Visit Code</u>
- Crafted a fully responsive jewelry connection platform catering to both B2C and B2B audiences, employing HTML, CSS, and JS.
- Deployed a JavaScript-driven data validation system, resulting in a notable 40 percentage reduction in user input errors.
- Integration of a real-time error feedback mechanism led to a 50 percentage decrease in average issue resolution time.

EXPERIENCE

Web Development Intern | *Digii Dunia, Noida*   July 2023 – August 2023
